Scott's KOURT IN THE ACT!

He's busted with another woman!

His relaxed attitude to monogamy has raised more than a few eyebrows throughout his nine-year relationship with Kourtney Kardashian. But these sensational snaps of Scott Disick frolicking with none other than his ex-girlfriend Chloe Bartoli have sent shockwaves through the famous family. And his babymamma Kourt is seeing red!

Yup, while his long-suffering reality star missus was taking care of their three children – Mason, five, Penelope, two, and six-month-old Reign – back in LA,

'HE CAN'T
HELP HIMSELF
WHEN IT
COMES TO
CHLOE'

Looks like someone's
been caught with their
pants down!

Scott catches up
on old times with
old flame Chloe
in Monaco on July 2

Would his Lordship care for lobster?

Scott made little effort to hide his lust for the sizzling 25-year-old stylist as they cuddled up poolside in Monaco last week.

"They were all over each other," notes an onlooker. "Scott was caressing Chloe's back tenderly as she fed him mouthfuls of food. They only had eyes for each other. This looked serious!"

What's worse, we hear this romance is no flash in the pan. Scott and Chloe dated before he got serious with Kourtney, and now there are whispers he's been obsessed with her ever since. Scott was even photographed picking her up in his Rolls-Royce in LA way back in April 2012.

"Scott and Chloe flirt all the time," reports *Us Weekly* magazine. "Kourtney does not want her around Scott."

Indeed, the public humiliation hasn't gone down well with Kourt at all.

Clearly infuriated and embarrassed by Scott's actions, the 36-year-old posted a gun-toting snap of herself taking out her rage at a shooting range. "Don't mess," she threateningly captioned it.

Watch out, Chloe!

And if Scott goes through with his threats to walk out on her and the kids for good, Kourt could end up hitting the 32-year-old player where it hurts – that is, his wallet! His role on the lucrative reality show *Keeping Up With The Kardashians* and biggest paycheck is now hanging in the balance!

Not that he seems to give two hoots about the consequences of his actions.

"Scott can't help himself when it comes to Chloe," adds our insider. "He's fallen for her romantically big-time and is unable to contain his feelings. He's risking it all but he doesn't seem to care." ■

Snapped! What's that
you've got
there, Scott?

Who is Chloe?

Kourtney may be well connected, but so is Chloe, who happens to have her well-manicured fingers in a number of celebrity-endorsed pies. Working alongside her twin sister Marielou, she's one of Hollywood's most powerful stylists, counting Jared Leto and Nicole Richie among her clients and BFFs. Chloe's also worked with a host of stars, including Miranda Kerr and Selena Gomez, but the real kicker is that she's even got ties to the Kardashian klan through Lamar Odom's friend Bobby Heyward, who died of a drug overdose last month. This could get ugly – fast!

Jennifer Lopez once sang that her love don't cost a thing, but in this case, it cost a marriage

Too soon?
JLo could barely contain her excitement at the possibility of a reunion!

Jennifer Lopez @JLo - Jun 30
Happiness.

Ben ba with J.

Hot on the heels of the announcement that Ben Affleck and Jennifer Garner have "made the difficult decision to divorce", we're hearing shock reports the actor has already moved on – with his ex-fiancée Jennifer Lopez!

While Garner, 43, was no doubt crying into her pillow over the demise of her 10-year marriage, J.Lo was apparently popping corks after finding out the man she calls her "first big heartbreak" was back on the market.

Convinced that they'd one day reunite, it seems she's been patiently biding her time since Ben cruelly dumped her just before their planned 2004 wedding. The day the split news broke, she even posted an Instagram snap of herself captioned, "Happiness." Ouch!

"J.Lo truly believes theirs is an Elizabeth Taylor/Richard Burton type of love affair that will last forever," confirms a friend of the singer. "He was the love of her life and many believe it was vice-versa as far as Ben was concerned."

Well, that'd explain why she's refused to commit to on-off boyfriend Casper Smart!

What's more, the pop star hasn't exactly done anything to quash rumours of a reunion with Ben – which have been swirling since as early as last November, when J.Lo, 45, gushed about how "smart, loving, charming [and] affectionate" she still finds him.

And who could forget their open flirt-fest at the Oscars back in February?

Needless to say, none of this will have gone down well with compulsive gambler Ben's long-suffering ex, who – considering they have a joint fortune of nearly \$200 million and no prenuptial agreement in place – has the power to make theirs one of the nastiest divorces Hollywood has seen.

Well they do say hell hath no fury like a woman scorned!

There are even reports the actress has already begun removing all reminders of Ben from the house – starting by renovating the master bedroom.

But while the 42-year-old might be out of mind, he's not out of sight. The savvy star has allegedly moved into a guesthouse

HEARTBREAK REM

ck Lo?

and started building himself a man cave on the LA property. That way, Jennifer couldn't accuse him of neglecting their children Violet, nine, Seraphina, six, and Samuel, three, if custody negotiations get nasty. Awks!

As sad as it is to see a marriage break down though, perhaps it was only a matter of time before things fell apart, given Ben's alleged history of womanising and gambling.

In recent years, the actor has been linked to a slew of hot young things, including 29-year-old Anna Kendrick and 27-year-old Blake Lively, while his one-time girlfriend Gwyneth Paltrow says he had an insatiable appetite for "any sort of stripper".

As for J.Lo, considering Ben's also rumoured to have done the dirty on her with stripper Tammy Morris, then 29, and three of her pole-dancing colleagues back in 2003, many must be wondering is she's a glutton for punishment.

Old habits die hard, J.Lo! ■

OVALISTS

The writing was certainly on the wall for Ben and Jen the minute Hollywood's go-to divorce removalists Wetzel & Sons were seen lugging items from Jennifer's home last month in preparation for post-split renos. After all, the firm was also called in after the break-ups of George Clooney and Stacy Keibler, Demi Moore and Ashton Kutcher, and Katy Perry and Russell Brand!

Miranda Kerr's estranged hubby Orlando Bloom has been spotted with another stunning brunette – Brazilian actress and model Luisa Moraes, 28, who's guest-starred on TV shows like *Chuck* and *Rules Of Engagement*. The two were sprung at Zooma Sushi in Malibu, where they canoodled over sake and sashimi for an hour before departing together in the 38-year-old's vintage Porsche. Love really is in the air!

Can you believe they've only been an item for five weeks?!

Miley & Stella J. marri

She might have only gone public with her girlfriend two seconds ago, but when Miley Cyrus decides to go for something, she gives it everything she's got!

That's why, like thousands of other same-sex couples, the impulsive singer and her ladylove Stella Maxwell were at the front of the queue to say, "I do," the minute the US Supreme Court gave gay marriage the green light!

Yep, as a self-appointed spokesperson for LGBT rights, Miley, 22, decided there was no time like the present to wife her

bestie-turned-bae on June 28, telling friends, "It's legal now – why should we wait?"

"Stella and Miley exchanged gold bands in a small civil ceremony at Miley's dad's place in Toluca Lake in front of a very small group of friends and family," an insider confirms. "It was a complete whirlwind moment."

You're telling us!

As you can see in our exclusive pics, the pair were definitely acting like newlyweds outside The Palm Beverly Hills hotel in Hollywood four days later, kissing and canoodling in the manner you'd expect from honeymooners!

Just wed!

And when she finally comes up for air, there are big plans to be made, as the couple are eager to celebrate their nuptials with a "big, fat, gay wedding party" complete with trapeze acts and fire-breathers towards the end of the US summer!

"It's going to be totally camp and OTT, and they want to sing their vows," spills our insider.

And with clucky Miley upsizing in May to a \$6.6 million megamansion and horse ranch in LA's Hidden Hills, everything's

now in place for the pitter-patter of tiny feet!

Nope, you're not hearing things! Miley is apparently clucky as, and has even photoshopped a snap of herself and Stella, 24, holding hands with a toddler Miley, captioned, "[Stella] and me with our future mini mc bb."

"Miley's convinced she and Stella are the real deal," adds our insider. "She's certain she's found her soul mate."

Another night, another boozy bender! The supermodel celebrates friend Sadie Frost's 50th birthday at London night spot Black Dice.

She's usually the queen of the Glastonbury crowd, but for the first time in almost a decade, the muddy fields of the UK festival were a Kate Moss-free zone this year!

And it seems while the cat was away, the mouse played...

Yep, the catwalk icon's muso hubby Jamie Hince was seen putting the moves on not just one, but two hot chicks at Glastonbury, prompting speculation Britain's coolest couple may be no more. Say it ain't so!

Indeed, Jamie – who was clearly feeling footloose and fancy-free at the four-day music fest – was busted partying like a single man with a pretty brunette, who stuck by the 46-year-old rocker's side throughout the event.

Jamie KAPUT?

At one point, he was also seen getting touchy-feely with a blonde beauty who onlookers say even cheekily pinched his butt.

No wonder he didn't seem to mind Kate not being there!

"Glastonbury is a big thing for Kate. She was supposed to go with Jamie, but they had a fight, so she refused to go with him," spills our insider. "They've been fighting a lot, mainly about her lifestyle."

Adding to their woes, we hear Jamie and 41-year-old Kate are even at loggerheads over having a baby.

Jefferson Hack – we're told The Kills guitarist Jamie is desperate for a child of his own.

And it's hardly helping that the supermodel's been coping with their marital strife the only way she knows how – by hitting the bottle.

Indeed, Kate's drunken, midair meltdown last month – which resulted in her being escorted off the plane by police – only served to further infuriate

Jamie, who hasn't been seen with his wife since April.

"They haven't made any decisions, but their marriage is being tested at this point," adds our insider. "If Kate doesn't change her partying and drinking, it may be over." ■

Katy makes FORCA

The claws come out as Tay fights for her man

Forget bad blood – there could be a bloodbath if Katy Perry makes good on her threat to

steal Taylor Swift's man Calvin Harris from under her nose!

Katy, 30 – who's been at loggerheads with Tay since swiping some of Swift's backing dancers for her Prismatic World Tour last year – has been mates

with Calvin, 31, for years, and can think of no better way of getting under her enemy's skin than by flirting up a storm with the DJ!

"Katy knows Taylor's probably blocked her number on his phone by now, but she loves the idea of stealing him away from her," spills our insider. "She doesn't believe for a moment he's genuinely in love with Taylor – she's just too much of a geeky oddball for him."

In fact, the *Firework* singer has been plotting her revenge

PERRY WELL OFF

If Tay thought *Bad Blood* would put Katy in her place, she'd better think again! This California Girl was last week named "America's Top Pop Export" by *Forbes* – and with earnings of \$178 million over the past year, she's the world's third highest-paid celeb behind boxers Floyd Mayweather and Manny Pacquiao!

Katy and Calvin, seen here cosying up backstage in 2013, have a history Tay can't deny

ever since Tay hauled in a bunch of her A-list buddies to star in the video for *Bad Blood* – her musical jab at Katy.

And as we all know, Katy's a force to be reckoned with when she puts her mind to something! Especially if that something involves Brit boys, who swarm to her like bees to honey – hello, Russell Brand and Robert Pattinson!

It wouldn't be the first time Katy's picked up 25-year-old Tay's leftovers, either – she dated her fellow chart-topper's ex John Mayer, 37, on and off for three years!

"Katy wants to really take Taylor down a peg or two," adds our insider. "She's determined to show Taylor who's boss. She's even considering doing a country music single about traitors and fakers, because as far as Katy's concerned, Taylor's walked away from her core fanbase and started stomping on her pop turf."

Yowzas! This is becoming quite a catfight! ■

*The deepest
cut of all...*

Zack Ripped Reha

Has the newly buff actor put his health on the line for a short-cut to fitness?

They say good things come to those who wait, but patience is something ridiculously ripped Zac Efron seems to have run out of in his quest for the perfect body.

The image-conscious actor's muscled appearance on the Hawaiian set of *Mike And Dave Need Wedding Dates* has sparked whispers his Hulk-like physique could be the result of dangerous supplements like steroids, human-growth hormone or testosterone, which can have potentially deadly side effects.

And while Zac insists he's always relied on "willpower" to "transform" for movie roles, a source who works out at the hunk's LA gym says that while he sees the star doing a lot of cardio, Zac rarely lifts heavy weights – so how did he get such defined muscles?

"It is entirely probable that [Zac's shape] is a result of male performance drugs," New York physician Dr Fred Pescatore exclusively tells NW. "For someone to get that ripped, it is usually the result of supplements that enhance testosterone production, or testosterone itself."

What's more, if abused, steroids and growth hormones can cause a huge range of ailments, from high cholesterol, high blood pressure, depression and mood swings, diabetes, prostate cancer and heart disease. Yikes!

And if the rumours are true, it wouldn't be the first time Zac's turned to illicit substances – the actor checked into rehab back in 2013 for reported cocaine addiction.

Now pals fear he could be heading down the same dark road again.

"He always denied using steroids or any kind of bodybuilding drugs," a friend of the star tells us. "Zac does have addiction issues, so it would be a concern for everyone if he is getting extra help. It's a slippery slope." ■

Ed & Selena's HOT DATE!

The stunner's got a new man – and it's all thanks to her famous friends!

From party-boy DJ Zedd to lothario Orlando Bloom and playboy Justin Bieber, Selena Gomez has had a rough run on the man front over the years! So who better to revive her faith in fellas than top bloke Ed Sheeran?!

The super-cute crooners were hitting all the right notes with each other as they enjoyed a cosy date at musician Tori Kelly's album launch, fittingly held at The Nice Guy bar in West Hollywood – and it went so well they kicked on back at Sel's pad! Way to charm your way out of the friend zone, Ed – strike while the iron's hot!

But while you'd be forgiven for thinking their mutual bestie – and notorious matchmaker – Taylor Swift, 25, might have

had a well-manicured hand in their hook-up, our exclusive source reveals that Sel's mentor Jennifer Aniston was actually the one who played Cupid!

Yep, after Selena complained about always picking duds, her fairy godmother Jen – who the 22-year-old says she turns to for "maternal advice" – encouraged her to give Ed a shot!

"Jen knows Ed will treat Selena like a queen, so she decided to invite the two over for a dinner party with other friends like Courteney Cox and Jimmy Fallon," explains our insider.

"Selena was shocked that she had chemistry with Ed, and

they ended up talking as if no-one else was in the room!"

So after dating for a couple of weeks, what better opportunity to showcase their fledgling romance than at Tori's high-profile launch.

The icing on the cake? Selena's former beau Biebs was also there. Talk about the perfect way to show him she's well and truly moved on!

It seems Sel's ginger gent, 24, is helping her break the on-off cycle once and for all.

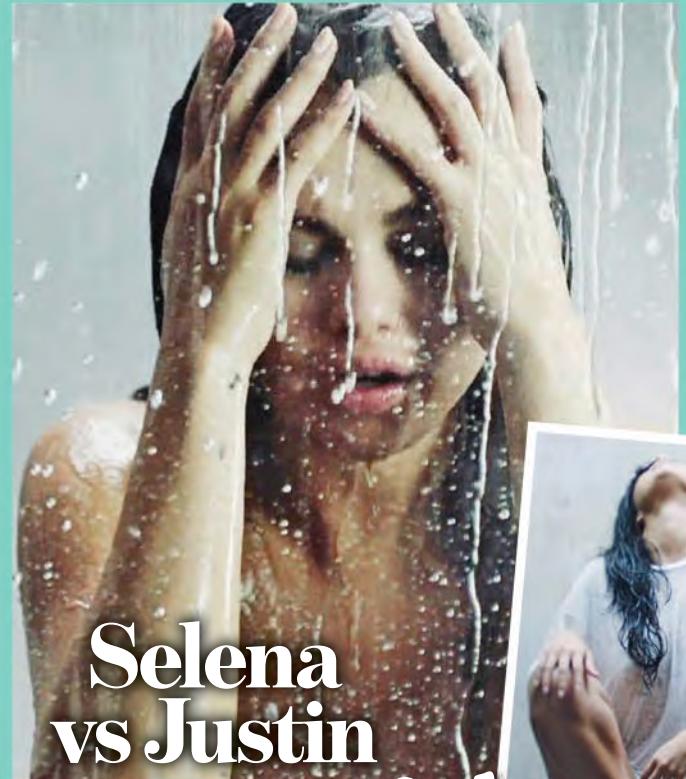

"Being with Ed is just so comfortable – she feels like it's a breath of fresh air," continues our insider. "It's still very new, but Selena's so happy that she's broken out of her bad-boy pattern." ■

'SHE WAS SHOCKED BY THE CHEMISTRY THEY HAD'

DE-CODY THIS!

She might be with Ed, but Sel sent her Instagram followers into a frenzy last week, posting this cute pic with newly single Cody Simpson! Captioned, "These days are the best days," the snap left fans wondering what exactly she's doing with Bieber's bestie!

Selena vs Justin Battle of the MUSIC VIDEOS

Selena's racy new clip for her song *Good For You* with A\$AP Rocky shows us exactly what Ed might see in her – and her wet T-shirt! – while giving her no-good ex Justin a taste of what he's missing! Bizarrely, JB sent Selena a cryptic message of his own (below) in the clip for his latest single *Where Are U Now*. What's he getting at?

Cheat's guide to all the goss!

1

IS AMBER UP THE DUFF?

It seems Amber Heard could have been telling the truth when she slammed reports that her five-month marriage to Johnny Depp is on the rocks, with rumours flying that they're expecting a baby!

Looking more radiant than ever, Amber set tongues wagging at the London premiere of stripper flick *Magic Mike XXL* when she couldn't stop touching her tum! At one point her co-star Jada Pinkett Smith even patted the 29-year-old's belly, too!

What's more, Amber seemed to be suffering more than most in the unusually hot weather. "She was constantly sipping mineral water," notes an onlooker. "She looked very flushed!"

Johnny must be absolutely over the moon!

Jada gives Amber tips for hands-on parenting

WHAT DOES CHRISSEY HAVE AGAINST CLOTHES?

Chrissy Teigen is in trouble with Instagram after attempting to "free the nipple"! The model and presenter uploaded four versions of a sexy snap taken at a recent *W* magazine shoot, but had every single one taken down for exposing the offending body part.

"The nipple has been temporarily silenced but she will be back, oh yes, she will be back," tweeted Chrissy, who hates wearing anything at the best of times. "I actually AM better in less clothing."

In the end, the curvy cutie compromised by posting a snap with her right boob out, although the nip was covered by a strategically placed can of hairspray. Crafty!

3 IS THIS THE CUTEST DOUBLE DATE EVER?

Photos: Mett Alas & Marcus Piggott/W

When Hollywood royalty came face to face with actual royalty, it was Prince William and Kate Middleton who ended up star-struck!

According to an insider, Wills and Kate were so "excited" to be meeting Brad Pitt and Angelina Jolie – who were invited to Kensington Palace to discuss the illegal wildlife trade – that they almost lost their regal composure.

And the foursome got along so well their double date lasted much longer than planned!

"Everyone got on splendidly," said an insider, adding that Brad and Ange brought along a special gift for the new royal baby Princess Charlotte. Jolly good!

Rumoured couple Kendall Jenner and Lewis Hamilton just can't stay away from each other. After hanging out at Glastonbury, the pair were spotted double-dating with Gigi Hadid and Joe Jonas at Drake's star-studded Wireless Festival afterparty at London's Libertine nightclub.

What's more, just a day after posting a photo of herself riding a bike with a guy who looked suspiciously like the Formula 1 champ, Kendall shared another snap of a romantic restaurant, captioned, "Table for two." #lookslikelove

4 ARE KENDALL AND LEWIS GOING STEADY?

ARE LEANN AND EDDIE BROKE AND BORROWING?

5

Their reality TV show was a flop, her last album bombed and it's now been revealed that desperate LeAnn Rimes and Eddie Cibrian are so strapped for cash they've been begging for handouts.

Yep, it seems LeAnn has burned her way through her \$26 million fortune, leaving her so skint that she and Eddie couldn't even pay for their \$3.9 million house in California's Hidden Hills.

The bank would only loan them \$2.7 million, sending them cap in hand to Eddie's old school pal Dave Fradin and his wife Lizzie for the rest.

"Eddie thought he'd hit the jackpot by marrying a Grammy winner," says a source. "The idea that they'd be desperate enough to ask friends for money never even crossed his mind."

For richer, for poorer, Eddie!

That's what happens when you pass out when your mates are around!

6 WOULD YOU LET SOFIA BE YOUR BRIDESMAID?

When it comes to wedding taboos, number one on the list is outshining the bride – but megababe Sofia Vergara is so gorgeous she can't help it!

Indeed, as maid of honour for fellow Colombian actress Chi Bui, she was as showstopping as ever in her lemon-yellow frock.

Brave choice, Chi!

Sofia's fiancé Joe Manganiello, 38, even took time out from his busy *Magic Mike XXL* promo tour to be her date – although it seems Sofia, 42, had eyes for another tasty dish entirely.

"It's bad luck if you don't eat wedding cake," the *Modern Family* star captioned a snap of herself indulging in a slice!

7 IS J-LAW HOLLYWOOD'S BIGGEST HOOT?

Another week, another episode of Jennifer Lawrence showing off her silly side! Yep, within days of goofing around rocking chopstick walrus tusks, it was guffaws galore again as Jennifer stepped out in New York with a goatee, moustache and monobrow drawn on her face!

And despite the fact that her rumoured ex Chris Martin had been snapped in London on a cosy late-night date with Kylie Minogue, the 24-year-old couldn't have looked happier as she left the Waverley Inn with her mum Karen!

Of course, she has plenty to smile about – it's been revealed that she's scored over \$26 million to star in the upcoming flick *Passengers* alongside Chris Pratt, who's only getting half that. Ker-ching!

8 DID JARED REALLY GIVE MARGOT A RAT?

He may be God's gift to women, but Jared Leto isn't much of a gift-giver himself! The actor's *Suicide Squad* co-star Adam Beach reveals the 43-year-old handed out some pretty freaky presents when production began on the upcoming flick.

"He sent [Margot Robbie] a nice love letter with a black box with a rat in it – a live rat," says Adam. "Then he sent bullets to Will [Smith] with a letter, and a dead hog."

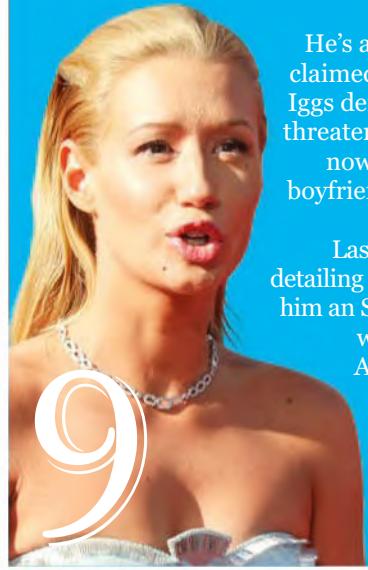

Er, how thoughtful?!

We've heard of a gift horse, but a gift rat? Let's hope the method actor was just getting into character as the Joker!

DOES IGGY HAVE THE MEANEST EX EVER?

9

He's attempted to steal her music, claimed they were married – which Iggy denied in court – and has even threatened to release a sex tape, but

now Iggy Azalea's former live-in boyfriend, producer Hefe Wine, 39, has reached an all-new low.

Last week, court papers emerged detailing allegations that Iggy, 25, gave him an STD during their relationship, which came to an end in 2013. As such, he's seeking damages for physical pain, suffering, "mental anguish" and medical bills. Build a bridge, mate!

IS JESS BECOMING A BODYBUILDER?

She's made headlines for her toned frame and buff legs, but it seems Jessica Simpson intends to tone those calves even further! Not content with merely maintaining her 30kg weight loss, the 34-year-old wants to add a few kilos of rock-hard muscle to her rig! "She wants to really work hard on her whole body and train like a bodybuilder," reveals our exclusive insider. "She loves the strength her body's building up – it's turning into a whole new obsession for her."

Lindsay's SHOCKING \$EXPOSE!

Hold on to your hats, ladies and gents – LiLo's lifting the lid on all her raciest antics!

After years of behaving badly, Lindsay Lohan is gearing up to wipe the slate clean and start over. How? Er, by penning a kiss-and-tell book that already has half the hunks in Hollywood quaking in their boots!

"She wants to start afresh with all her skeletons laid bare. She's convinced that if she confesses, she will be able to let that all go," explains our exclusive insider. "She has so much dirt on some

of the biggest, most-powerful people in Hollywood and she wants to tell everything."

Yikes, this could get messy!

The tome is not only set to include the dirty deets of how she lost her virginity, but also her tempestuous relationship with Wilmer Valderrama and reported fling with his *That '70s Show* co-star Ashton Kutcher and how he blanked her after their hot-and-heavy hook-up.

Yup, LiLo's book will be bursting with salacious stories! She's even coming clean about her most scandalous moments, from how she and Paris Hilton set out to corrupt Britney Spears, to what really went wrong between her and her ex Samantha Ronson.

Lindsay's even set to admit that she often slept with her friends' boyfriends because she loved the attention it got her!

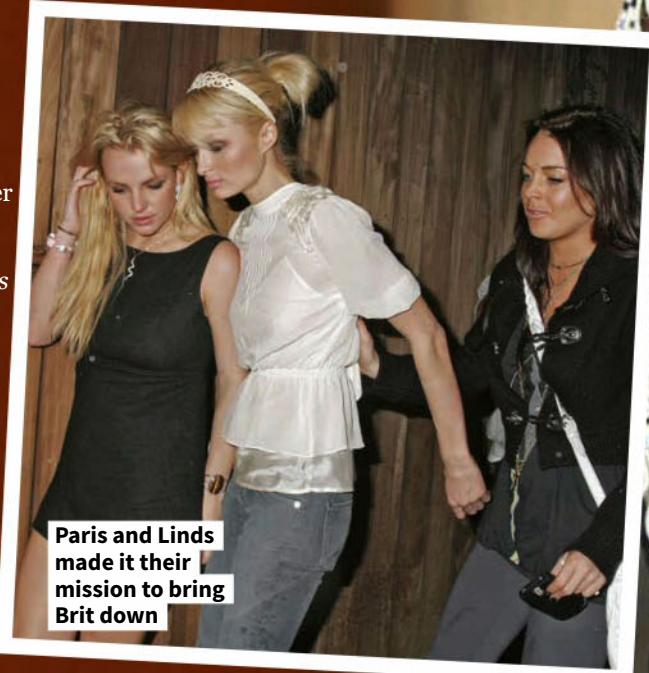

The sordid ins-and-outs of her family dramas involving volatile parents Michael and Dina will also be a focus, not to mention the predators she found herself surrounded by as a child actress.

But why such epic candidness? Given acting work has all but dried up since LiLo's two-month stint last year in the play *Speed-The-Plow* on London's West End, she's hoping that the tell-all book – together with a video

JT, Zac and Adam will be freaking out!

NAMED & SHAMED

They were outed on her leaked ledger of lovers last year, but Lindsay's former trysts – which are said to include Justin Timberlake, Zac Efron and Adam Levine – must be worried sick about what else she could reveal!

Paris and Linds made it their mission to bring Brit down

diary to be released soon after – might revive her career and earn her some much-needed cash.

"Lindsay feels maybe people will forgive her crazy choices and drug use if they know the whole story," says our insider.

That said, judging by her boozy antics in Italy recently, Lindsay, 29, doesn't seem to be in any rush to start anew!

The chain-smoking, scantily clad starlet was up to her old tricks as she puffed away and posed for photos at Italian designer Francesco Scognamiglio's 40th birthday bash.

He'd better be careful – or his private life could become another chapter in Lindsay's book! ■

KING OF KONTROVERSY

"You are now watching the greatest living rock star on the planet," Kanye West told the crowd – including his wife, Kim Kardashian, 34 – during his controversial headline performance. But not everyone was as pro-Yeezus as Yeezus! The 38-year-old's dodgy karaoke rendition of Queen's *Bohemian Rhapsody* was panned, the BBC received 44 complaints about his bad language, and his 250-strong entourage got more than a few backs up. Er, congrats, Kanye!

THE M... THE M... ... THE

CASUAL CLASS

She used to date Prince Harry, but Cressida Bonas, 26, isn't too posh to take a mud bath! What's more, the budding actress was spotted getting into the festival spirit by chugging a tinnie. One knows how to party!

HOT TUNES

While One Direction's Niall Horan, 21, and Louis Tomlinson, 23, did nothing to hide their boozy buzz in the sweltering heat, the 80-year-old Dalai Lama chilled wearing a T-shirt as a hat and Adele, 27, shunned the sun entirely!

From glamourpusses to gurus, everyone who's anyone descended on the UK's hottest outdoor music festival!

DANCING QUEENS

After swooping in via helicopter for Kanye's set, besties Cara Delevingne, 22, and Kendall Jenner, 19, partied like it was, well, 2015! Meanwhile, FKA twigs, 27, busted quirky moves of her own on stage as fiancé Robert Pattinson, 29, did his best to stay hidden. "He was desperate to not overshadow his girl's performance," says our source.

DAISY LOWE

Taking the plunge, glowing Daisy, 26, was a purple people-pleaser.

She spent five years literally keeping up with the Kardashians – and nanny Pam Behan's spilling all the secrets to prove it.

Pam's gig caring for the young Kourtney, Kim, Khloe and Rob gave her unparalleled insight into ongoing issues, including Bruce Jenner's gender confusion, Kris Jenner's fame obsession and the early signs of Rob's future isolation.

According to Pam, unlike his outgoing sisters, Rob – who has become a virtual recluse as he struggles with his weight gain and reported drug addiction – was a sweet, quiet boy who lived very much in his sibling's shadows.

"Rob was a good kid. He was almost too good, so you'd be worried about him. He was very self-disciplined. At a very young age, he would come home from school, do his homework, lay out his clothes for the next day, and then he would play."

Poor Rob!

Continuing her exclusive chat with *NW*, Pam, 46, says she was like family to her young charges – who were 12, 10, six and four when she started with them.

"I'm not saying I'm their mother, but when you're a live-in nanny, you're the next best thing," explains the financial advisor, who insists the famous siblings haven't changed much since

'[Bruce] opened up to me about 20 years ago,' Pam reveals. 'I was shocked when he confessed that he'd struggled with his identity since he was young'

she took care of them back in the early '90s.

It was, she says, "a battle" to get Khloe, 30, to do her homework, while chatterboxes Kim, 34, and Kourtney, 36, "would be on the phone to their friends for hours".

"I was probably closest to Khloe, because she was six when I started that job and we spent a lot of time together. If I was folding clothes or making dinner, she would be right at my side. Out of all the girls, [Kim] spent the most time in front of the mirror.

**EXCLUSIVE
INTERVIEW**

What the

The former Kardashian nanny lifts the lid on what went on behind closed doors with TV's most famous family!

Her looks, clothes... were very important to her, even back then. Kourtney was the oldest and wisest of the bunch. She always seemed like the most responsible one."

Nothing's changed, then!

But although the kids are all grown up now, Pam still worries about the youngest sibling Kylie Jenner, 17, who's dating bad-boy rapper Tyga, 25!

In fact, Pam insists if she was still working with the family, she'd have a lot to say about it!

"She is way, way, way too young," Pam says. "She doesn't know enough about life."

But the most demanding member of the household wasn't a child – it was Kris, who Pam says was crazy about money, fame, power and control even back then.

Still, behind the extreme exterior, she reckons Kris – whose ambition she found "scary" – was deeply insecure. →

'[Bruce] had lots of feminine body gestures, like the way he crossed his legs,' says Pam. 'He got manicures all the time'

nanny saw!

Pam was essentially a member of the Kardashian family from 1991 until 1996, when Khloe and Rob were just kids

KOURT

'Kourtney was the hardest to get to know because she was a little stand-offish for a long time. But we eventually became very close'

KHLOE

'She is a feisty one, but I like her openness and honesty. She can also be very sweet'

KIM

'When she was 12, she went out with her own money and bought me a beautiful crystal piano music box that played my favourite song'

Pam always felt Rob was outnumbered by the females in his family

"There were moments when she would let down her walls and weep when nobody was watching, and cry on my shoulder," Pam reveals. "I didn't like to see

her cry but it was nice to see her be human."

But Pam was less keen on Kris's insatiable appetite for celebrity.

"It's an obsession," she says. "Since living in Beverly Hills, the only places Kris would go would be popular among other celebrities or high-powered people. She never really hung out with people who were a nobody, so to speak. They don't know any kind of other life."

Despite Kris's insistence that Bruce – who now goes by the name Caitlyn since transitioning to female – "lied to" her during their marriage about his desire to become a woman, Pam begs to differ.

"She knew all along," she says. "Behind closed doors she was accepting."

And it seems Pam has a special bond with Olympic hero Caitlyn, which developed when she looked after her sons Burt, 36, Brandon, 33, and Brody, 31, while she was still married to ex-wife Linda Thompson back in the '80s.

"I spent a lot of my time with Bruce and he confided in me one day that he struggled with his identity," she says. "He always had a feminine quality, he was more like a girlfriend."

And now, after all these years, Pam's thrilled that Caitlyn, 65, who she calls one of her "dearest friends", is finally letting the rest of the world in on the family's biggest secret.

"They are a gorgeous family," the nanny concludes. "They loved and trusted me, which I think I earnt." ■

Lena Dunham has got a real handle on this cycling thing as she films scenes for *Girls* in Brooklyn, New York, with co-star **Jenny Slate**. How Heidi STAYS HOT IN THE COLD

Ms Klum's bangin' body tips

Former Victoria's Secret Angel Heidi Klum is looking better than ever at 42!

And with four children and 28-year-old boyfriend Vito Schnabel to keep up with, she has plenty of reasons to choose sweating over snoozing.

"I pretend it's bikini season all year and regularly make healthy

decisions," she says. "It's more about food than exercising. I'm not huge on carbs, even though that's probably one of my favourite foods – French fries, pasta, all that stuff."

But the model mogul makes a conscious effort to eat clean and green as much as possible.

"We make smoothies every morning with any kind of fruit and carrots. Not with powders or anything like that," she says.

And once she's fuelled up, the German stunner works out like crazy – rain, hail or shine.

But how does she stay focused on her fitness, you ask?

"My best advice to readers is to work out with a buddy," says the New Balance collaborator, who's been spotted exercising with supermodel pals Miranda Kerr and Brooklyn Decker.

"They keep you motivated and get you out of bed."

And when that fails, she reckons "knowing there is a Starbucks coffee at the end" does the trick.

Yep, that works a treat every time!

KEEPING PACE

There's no need to become a gym-bound recluse when the temperature drops! Throw on some leggings and pound the pavement like Heidi – you won't stay cold for long!

"My favourite workout is a long run along the Westside Highway, which stretches along the Hudson River in New York City... It's a beautiful path," she gushes. "You always feel surrounded by such an amazing community. You see the same people running every morning, and they inspire me."

New to running? Heidi says it's good to set mini goals so you won't feel overwhelmed.

"When I started to run, I would run a mile and then walk a mile and kept building up as time went on," she adds. "If you are running on the street, go one mailbox or one house further each day."

But when she's not running, she's "dancing around the living room with my kids".

"It's important to teach your kids the value of being active by setting a good example."

SNIFFLE BEATING TIPS

Don't let the winter lurgy get the better of you

Toothbrush!

Change your toothbrush after you've had a cold. "When your immune system is run-down, you risk becoming infected or re-infected by the bacteria on your toothbrush," says Oral-B advisor Dr Christopher Ho.

Sleep it off

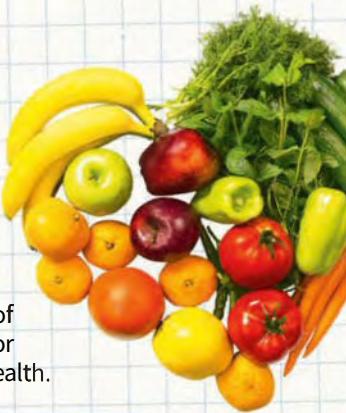

When you're sleep deprived, your immune system is compromised. So get eight to 10 hours a night!

Hands off!

When you shake someone's hand – you're also passing on germs! So wash your mitts regularly.

Veg out

Ensure you're getting your five vegies and two serves of fruit a day for optimum health.

Sup, bro!

Supplement your diet with olive leaf extract, vitamin C and garlic tablets if you're not getting enough in your meals.

Sweat it out

Exercise is a fantastic way to keep your immune system soaring.

ALL IN MODERATION
"I like to stick to fresh fruits, and vegetables and lean proteins [but] I'm not a fan of deprivation. If I want a cheeseburger... I'm going to enjoy that cheeseburger," says Heidi, who occasionally enjoys a fried brekkie with her children.

Cancer JUNE 22 – JULY 23

Saturn seems determined to cramp your romantic style, but you shouldn't let that stop you! A suitor or partner might be less responsive than usual to your siren song, but perseverance should pay off. But if it doesn't, back off before you're branded a stalker!

Leo JULY 24 – AUG 23

Planetary patterns suggest that you're unlikely to win any popularity contests this week. Although Leos love being adored, they don't enjoy compromising their principles, so certain things need to be said to less moral types that they won't be too pleased to hear.

Virgo AUG 24 – SEPT 23

Mercury's influence suggests happier times ahead on the love front! Old grievances will be put to bed – quite literally if you've just hooked up with your ex! But if you're keen to leave the past behind, you could meet someone quite special in the coming days.

Libra SEPT 24 – OCT 23

As the peacekeepers of the zodiac, Librans mostly prefer to keep everyone sweet for the sake of a quiet life. This week, unfortunately, the planets predict you may be forced to deliver some unwelcome news to a close friend, family member or lover.

Scorpio OCT 24 – NOV 22

Expect to court controversy this week – you won't even have to open your mouth to be the talk of the town. According to less-than-stellar alignments, someone else is telling tales. Whether said rumours are true or not, you need to put a stop to them post-haste!

Sagittarius NOV 23 – DEC 21

This week, even smooth-talking Sagittarians might find their usual charm failing to work on the very people they want to impress. Instead of making yourself look foolish, withdraw all contact for a while. An unexpected air of mystery could do the trick.

Capricorn DEC 22 – JAN 20

Most Capricorns are naturally best suited to a moderate approach to work and play, and Mercury's movements this week certainly signal car-crash outcomes for those stubborn Goats who still – resolutely – refuse to slow down.

Aquarius JAN 21 – FEB 19

Any kind of big romantic commitment you wish to make needs to be done very soon. Venus is about to start back-pedalling a fortnight from now, and that doesn't bode well for Aquarians who are slow to act. Don't dither when it comes to affairs of the heart.

Pisces FEB 20 – MAR 20

Contact made by long-lost friends might seem like a blessing, but be wary of any approaches made. While harking back to the past might feel warm and cosy in the here and now, there's a chance it could make you feel very uncomfortable in the near future.

Aries MAR 21 – APRIL 20

The lunar high should see you roused into action after a couple of lethargic weeks. Renewed pressure at work won't faze you – in fact, you'll thrive on it! There's a list of things to do at home as well, but you'll check them off with relative ease and in no time at all.

Taurus APRIL 21 – MAY 21

Try not to let a lover's tiff turn into something more toxic. Taureans can be very argumentative – not to mention stubborn – but if you care about your partner, don't prolong any agonies. Rather than respond with angry words or stony silences, kiss and make up as soon as you can.

Gemini MAY 22 – JUNE 21

With Neptune about to go retrograde, it's not a good time to push for promotions and pay rises. Employers seem to be stressed and distracted at present. The last thing they need is hassle from you. Wise Geminis will bide their time and wait until the chaos at work calms down.

The BIG NW turn ON

She's known to all as the quirky model with the awesome eyebrows, but **Cara Delevingne** is fast proving she's much more than just a very pretty face.

The 22-year-old Londoner's got four movies in the bag for 2015 – and we can't wait to see her in her first leading role as boisterous Margo Roth Spiegelman in the film adaptation of **John Green's** novel *Paper Towns*.

In what looks set to be a huge hit, Cara swaps her London accent for a US drawl as she plays a teen who encourages her geeky friend Quentin (**Nat Wolff**) to live life on the wild side.

The girl next door then disappears, leaving clues that he must decipher to find her. A funny adventure with mates then ensues, which turns out to be the road trip of their lives!

'I was born sassy!'

The superstar singer-turned-actress tells NW she was born with 'tude by the pound!

She may be a bad gal, but she's bloody good at it! Yep, Rihanna's nailed the art of being controversial, and she's spun it into a multi-million-dollar industry!

And the hits just keep on coming from the butt-kicking babe, who shocked us with the music video for her new single *Bitch Better Have My Money*, conquered the big screen with her turn as Tip in animated flick *Home* and is now launching her very own fashion line \$CHOOL KILLS.

NW caught up with the sexy singer, 27, to find out what else she's got up her sleeve – like, whether she plans to bottle and sell that sass of hers any time soon...

You always look amazing – tell us about your passion for fashion!

Fashion is another way to tell people who you are. It's another way to tell people how you feel without saying a word. You can tell a lot about a person not by the clothes they wear, but by their style. My style is very free. It's fearless, it's spontaneous and it's risky. I love taking a challenge. I tend to buy things that are weird and I think, "I would never wear this," but I buy those things because the challenge is figuring out how to wear them. You're the voice behind Tip, who's very sassy and fun.

Were you like that as a kid? I was always sassy. I was like that at six years old, I was like that at four years old. But I was also shy. It's very strange. I'm a very shy person – even to this day – but when I'm comfortable with you, that's when you really start to see other colours of my personality coming out.

Out of all the roles you could have taken, what made you pick this one? Tip is so vibrant, she's very strong, very independent and very sassy, but she's also very sensitive and these are all things that I identify with. That is really what got me to do this film. I really liked Tip. She's always herself, no matter what.

So you can relate to her? There are a lot of similarities, like her attitude and the way she takes charge of situations, the way she handles things. She knows exactly what she wants and she's going to get there regardless of who's

coming with her. She's not the type to wait on someone to help her.

Tip and Oh are outsiders. Both seem to feel they don't belong – has there ever been a time when you felt like that? Oh yes, at different points in my life I've felt like the outsider. It always takes so much to overcome that feeling, like moving to a new neighbourhood, which I did when I was really small in Barbados. As a kid, that is really difficult, even at school. Then again it was difficult moving to America to do my music at 16.

Are you planning on picking up any more acting roles?

Acting is still so new to me, but I would love to do more, definitely. I don't know what is next though. I love exploring and I love new things. I get bored in a moment and so I'm always thinking about what's next. The minute the album is out, I'm ready for the next album.

Could the singer's poor health mean the end of her stint on *The Voice*?

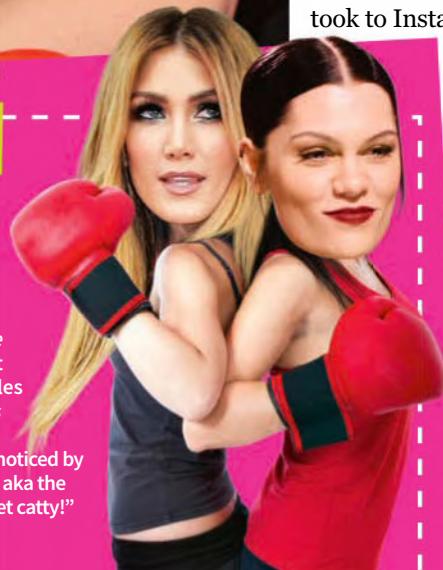

Jessie J FORCED TO QUIT?

BATTLE OF THE DIVAS!

After the world's most cringe-inducing dance-off between Jessie and Delta Goodrem, it's clear to see the girls are far from besties. But you might want to brace yourself, because the claws are really set to come out over the next few weeks!

In a teaser for an upcoming episode of *The Voice*, tensions appear to reach boiling point when Jessie's brutally honest approach ruffles Delta's feathers, with the former *Neighbours* starlet sniping, "I'm sick of this sh*t!"

The friction between the duo hasn't gone unnoticed by their fellow coaches, either, with Ricky Martin – aka the nicest man in the world – admitting, "It could get catty!"

She's looked nothing short of fit and fabulous on *The Voice* so far, but behind the scenes, Jessie J is fighting a serious mystery illness – leaving her future on the show hanging in the balance!

Despite getting off to an epic start in the blind auditions – which were taped several months ago – Jessie's health has taken a major nosedive following surgery for an undisclosed condition.

The raven-haired beauty even took to Instagram to tell fans she's regretfully cancelling a handful of upcoming gigs.

"After having an operation earlier this week, I am unfortunately suffering a longer recovery time than expected due to some problems that have occurred post the operation," she wrote. "I have been medically advised to cancel my

shows... I am not ok... I am in a lot of pain."

But while it's unknown how long it will take poor Jessie to get back on her feet, Channel Nine remains hopeful the *Bang Bang* songstress will be well enough for the live battle rounds.

"We do not anticipate her illness impacting her return and we look forward to welcoming her back for the show in the coming months," says a statement from the network.

Unfortunately this isn't the first time the 27-year-old has suffered health problems. Having discovered she had a heart condition when she was just seven, Jessie suffered a minor stroke at age 18.

What's more, the emotion-driven coach showed on Sunday night's episode that the trauma still affects her, becoming tearful as she spoke to contestant Tim McCallum, who performed in his wheelchair.

"When I hear stories like [yours] and hear the determination, it puts things in perspective," she told him.

Here's to a swift recovery, JJ!

We're gutted that scandal-loving NW columnist Brandi Glanville will no longer be a regular on *The Real Housewives Of Beverly Hills*, but we have it on good authority that Aussie singer Cody Simpson's mum Angie is taking her place!

"She'll be a new Housewife on the show soon," reveals a well-placed, Aussie source. "There was going to be another Aussie, too, but her husband changed his mind at the last minute."

After doing some digging, we reckon Angie's perfect for Lisa Vanderpump's clique, as she's glam, gorgeous and knows how to drive a hard bargain.

After all, despite the odd bump in the road, the family-focused hustler did a great job relocating her entire clan to LA from the Gold Coast in 2010 to kick-start Cody's pop career.

"It's had its challenges, nothing is as rosy as it looks from afar," Angie says. "But I've found the move has brought us closer together."

NEW Borettes

SPENCER 'How I went from CHUNK to HUN'

With a bangin' new bod and booze-reduced lifestyle, *Made In Chelsea*'s Spencer Matthews is one seriously improved specimen!

Tasty toff Spencer Matthews is a new man these days! Back in January, the former currency trader, 27, became an avid disciple of fitness training and healthy eating!

Now, after shedding a whopping 15kg, it's hardly surprising Spenny can't wait to whip off his kit to showcase his new, rock-hard abs!

But the *Made In Chelsea* hottie's new chapter goes beyond the physical. Aside from recently admitting to cheating on girlfriend Lauren Hutton by kissing another girl, he's been in a 'faithful' relationship with his *MIC* co-star, 27, for 10 months – which is no mean feat given his dodgy past. Just ask exes Louise Thompson, Lucy Watson and Stephanie Pratt!

Despite the slip-up, though, Spencer says he's grown "from a boy into a man" – and after sitting down for a chat with him, we reckon it's possible the new Mr Matthews is here to stay...

You look hot, Spencer! How did you do it? I was very fat before! At my worst, I weighed 95kg! It's all part of living a healthier life. I used to eat like a dump truck. I loved stuffed-crust pizzas and burgers. Now I'm eating good carbs like sweet potato and brown rice, as opposed to bread and sugary cereals. I run every day for about an hour and I do weight training.

What made you cut down the booze?

I regret a lot of the things I've done while drunk. Being unfaithful to some of my exes was obviously upsetting. It made for good viewing but it's

embarrassing to be seen in that light. **What else has changed?** I own my own property now, I have a motorbike and a car. I cook instead of going out. I peel potatoes! I'm delighted with my girlfriend Lauren – she's been a fantastic influence. She goes out very rarely and now I don't feel the need to, either. This is the most serious relationship I've had. If it were to continue, I'd think about marriage. But I'm not in a rush.

Drunken pash aside, is this the first time you haven't slept around behind your girlfriend's back? I haven't been a very good boy in the past, but I haven't even thought about that. Lauren keeps me very happy. If I did feel the urge to sleep with someone else, I'd start to question our relationship and I'd talk to her about it.

What do you love most about your new physique? That Lauren can't keep her hands off me!

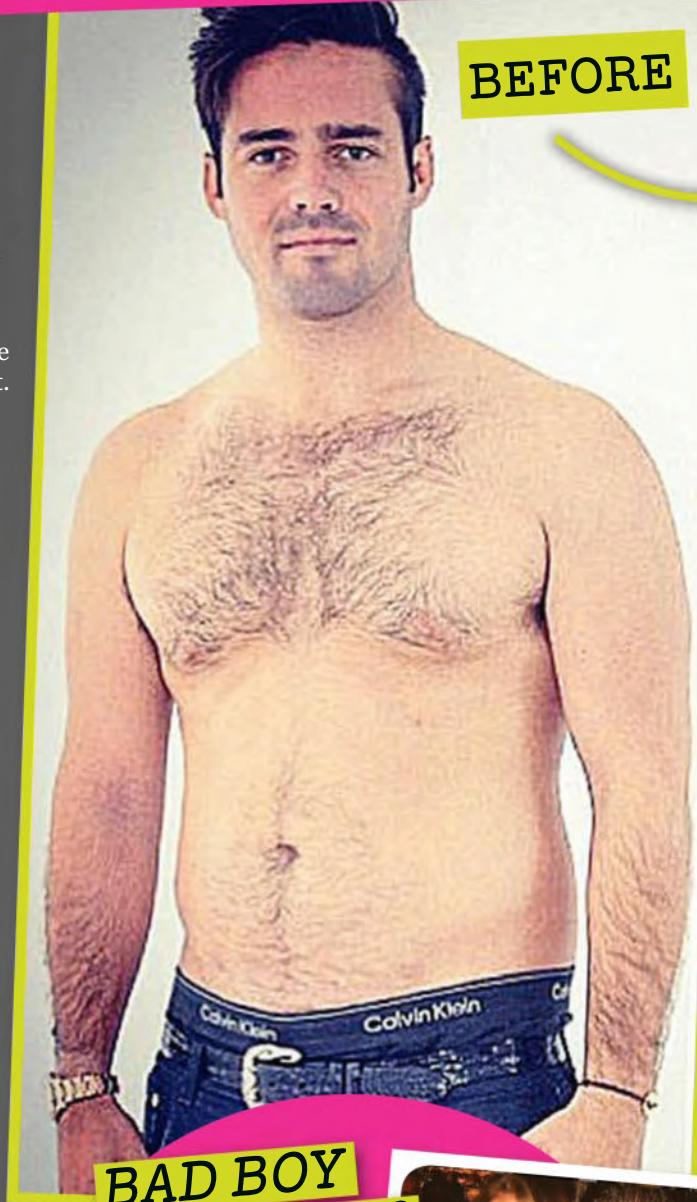

Where's the wildest place you've had sex? Anywhere public! The beach is always nice. I've had sex on a plane before. I think it was a Virgin flight.

You once said you'd slept with 1000 women.... It's not something I'm proud of. I wish it was less.

Is there a downside to being you?

One can be misconceived. I used to enjoy being controversial, but life is so much better now. I have a whole new relationship with everyone. My family are finding it far easier to trust me and it's nice. I feel they can rely on me.

BRANDI, snaps!

"So Kyle Richards and Lisa Vanderpump have been going on and on... But the thing is, I wasn't fired! They're sat on their high horse talking shit about me. That's why I went on a little Twitter rant, to the point that I got a 'cease and desist' letter from Kyle. That was a fun week. I was like, 'Really?' You're not allowed to sue your castmates, but that's all they ever try and do. They know that's the one thing I can't and won't spend money on."

'RIP Bennifer'

"It's so sad that Jennifer Garner and Ben Affleck have split. They were so cute! But they've been together a long time and this is Hollywood – they've been together forever by Hollywood standards. In terms of J.Lo, I could see it – she's so hot, it's crazy! But I love Jen, I was a big fan of *Alias*. She's really cute and a really good actress and I'm always on the girl's side, so Team Jen!"

'Yay for Khloe and Lamar!'

"Khloe's quitting TV for Lamar? I think that she should! I liked them together – they were so cute. I think it's good to break away, too, because she's been doing the same thing for so long and they have the money to not have to do the show, you know?"

Brandi's VERDICT

'I did *The Howard Stern Show* and I love him'

'The legal battles just keep on rolling!'

'Ed's great for Selena!'

"So Selena Gomez is going the ginger route with Ed Sheeran? Interesting! Well he's different from Justin Bieber, but that's probably good because Bieber's got to grow up a little. And Ed seems like a good guy. Now, I'm not saying he's unattractive, but sometimes it's good to date someone you know isn't going to cheat on you – or at least get a ton of girls!"
